Copy of letter from the Government of India, Home Department, No.78/47-Poll (E), dated 23rd/29th June 1947.

Sub: Statistics of Migration.

I am directed to say that a request has been received for statistics of Migration-Immigration and Emigration-relating to India. I am to request that the figures of Immigration to and Emigration from India for the latest year in so far as available with the Government of Madras/etc. may kindly be intimated at an early date. If not inconvenient, similar information may kindly be given for the year 1941 and onward. I am also to request that arrangements may kindly be made for the regular supply of this information in future.

NOTES.

Public (Elections) Department.

xxx xxx xxx

The Government of India have sent a corrected copy of their previous letter. They want figures of Immigration to and Emigration from India. Submitted for orders as to which department should deal with this.

T.D.M.
2-7-47.

In relation to labour, this should go to Development, but J.S. Development says they have no statistics and that they have concerned themselves only with the welfare of labour outside India.

P.M.N.
3-7-47

Most Immigration to and Emigration from India relates to labour. Development should, therefore, deal with this in consultation with P.W.D.(Evacuees) and Public (Military) (foreigners).

Actually most of the figures should be available with the Government of India themselves either in Home or Commonwealth Relations Department. The Protector of Emigrants is an Officer of the Central Government under the Commonwealth Relations Deptt.

sd. R.P.,4/7/47.

I agree, but the important point is to get on with getting figures either from the Protector of Emigrants or such other source as there are.

Let each department deal with this independantly and at once.
